SKILLS

PROGRAMMING LANGUAGES
Python, Java, JavaScript, Go

DEVELOPMENT TOOLS
Git, Docker, Postman

SOFT SKILLS
- Effective Communication
- Teamwork
- Problem-solving
- Research and Documentation

LANGUAGE
Vietnamese (Native), English (Intermediate)

OFFICE SOFTWARE
Word, Excel, PowerPoint

ADWARDS & CERTIFICATIONS

2020
3rd Prize in MYOR Robot Competition

2023
Google Data Analytics

OBJECTIVE

I am a fourth-year IT student with experience in Python, Git, and backend development. Passionate about data, AI, and web development, I am eager to learn new technologies, programming languages, and gain hands-on experience and the opportunity for a full-time role.

EDUCATION

🎓 **INFORMATION TECHNOLOGY**   //   **09/2021** -   **Now**

Saigon University

GPA: 7.61/10
Received a merit-based scholarship for 2 semesters.

PROJECTS

📝 **DISCORD MUSIC BOT**   //   **08/2023** -   **12/2023**

Link   https://github.com/aprilboiz/discordbot

Your team size   1

Your position in project   Developer

- Designed and deployed bot commands, handling over 100 user requests daily.
- Utilized Python and various design patterns to meet the bot's requirements.
- Built a CI/CD pipeline, reducing new bot deployment time by 30%.

Technology description

Git, Python, SQLite, Docker, GitHub Actions, Linux

📝 **FLIGHT MANAGEMENT WEBSITE**   //   **04/2025** -   **NOW**

Link   https://github.com/aprilboiz/FlightBookingSite

Your team size   2

Your position in project   Back-end developer

- Designed and implemented the entire backend architecture for the flight management website, ensuring scalability, performance, and security.
- Collaborated with the frontend team to integrate the backend, delivering an optimal user experience.

Technology description

Git, Go, Gin, PostgreSQL, GORM, Docker, Postman, REST APIs, JWT

EXPERIENCE

💼 **TEACHER**   //   **10/2023** -   **Now**

MindX Technology School

- Imparted programming knowledge to over 20 students, helping them build a solid IT foundation from scratch.
- Received positive feedback from 90% of students regarding teaching ability and support.
